

Focus Spot 6Z

Code: I237000301

The Focus Spot 6Z is powered by a brilliant 300W cool white LED engine that produces vibrant, saturated colors and is equipped with motorized focus, zoom (9~28-degree zoom), Iris and two prisms. It is designed for temporary live events and fixed installations in nightclubs, stages or churches. It is professionally fit with two GOBO wheels (7 GOBOs per wheel), two COLOR wheels, each with 7 vibrant colors plus white, and 2 rotating/indexable prisms, (one 6-facet linear and one 6-facet circular). It also has two frost effects (heavy frost and light frost).

The Focus Spot 6Z has locking power In and out connectors to daisy chain the power, as well as locking 3-pin and 5-pin DMX In/Out to transmit a DMX signal from one fixture to the next. It also has RJ45 In/Out connections to control with ArtNet and KlingNet. There is a USB firmware update port built-in plus advanced control options such as: 16-bit fine pan and tilt, multiple DMX control modes, and 6 different dimming options. The Focus Spot 6Z offers a robust light output in a light weight, compact foot print (18-inch high and one 23 pounds).

LED Source:

- 300W Cool White LED Engine (50,000 hr.)

Features:
